

Are you a student considering a career in the renewable energy sector or a business looking to upskill or reskill your workforce in sustainable energy in the United Kingdom?

## Apply to the UK Falck Renewables Support Scheme for Sustainable Energy Studies 2022

At Falck Renewables partnerships with the communities around our wind farms are at the heart of everything we do.

We believe in nurturing talent and we are committed to supporting the development of professional skills related to the renewable energy sector.

We are particularly interested in supporting those students or technicians working towards a qualification in energy and renewables.

### TO REQUEST FINANCIAL SUPPORT APPLY BEFORE 26 OCTOBER 2022

Apply to the UK Falck Renewables Support Scheme for Sustainable Energy Studies 2022 by completing the:

## HOW TO APPLY

### Eligibility criteria

- Applicants must be **16 or over** at the start of the course.
- Eligible applicants are those individuals living or studying in Falck Renewables' UK wind farm community areas (situated in Scotland, Yorkshire and Wales).
- Applicants must be studying a qualification that would help them gain professional skills they can use in the renewable energy sector.
- All applicants must complete the online application form, including details of a referee who is willing to support the application.

### What the fund can cover

- The annual fund of **£ 6000 will be shared** between the successful applicants.
- Falck Renewables may decide to provide a portion of the support applied for.
- Falck Renewables will cover expenses which assist the candidates to complete their course. Eligible expenses include travel/commuting costs, training materials (books, software), internet connection and equipment.
- The successful applicant must provide receipts or evidence of all their expenditure.
- Applicants may be asked to repay funds if they fail to complete the courses.
